

Registering Positive Self Tests Results through the Gesundheitsamt (Translation from the website)

www.kaiserslautern-kreis.de

The screenshot shows the website interface for the Landkreis Kaiserslautern. On the left is a navigation menu with items like Home, Willkommen, Aktuelles, Bürgerservice, etc. The main content area is titled 'Corona / COVID-19' and features a red banner with 'WICHTIGE INFORMATIONEN UND AKTUELLES ZU CORONA'. Below this are several links: 'Gesundheitsamt: Alles zu Corona', 'Landesregierung Rheinland-Pfalz', 'Informationen in leichter Sprache', 'Ich brauche einen Test', '• Online-Registrierung nach positivem Schnelltest' (highlighted with a blue arrow), 'Selbsttest', and 'Statistik zu den Indexzahlen'. On the right, there is a 'Veranstaltungen' section with a calendar for May 2021.

This registration is for all persons who have had a positive result in the quick test, but who do not yet have a PCR result (whether there is already an appointment for a PCR smear and whether it has already been done or not).

By registering, the Health Board Kaiserslautern can process your case much more quickly and in most cases you can be released from quarantine much earlier.

Thank you for your support!

Note: Use of this registration is voluntary. We process and protect your data in accordance with Section 6 of the General Data Protection Regulation (GDPR). Your registrations are for the sole purpose of the health authority being able to process your request without delay. Only authorized employees have access to this matter. Entries in the database are automatically deleted after one week, unless they need to be retained for a longer period of time for legal reasons.

Reason for Registration (Choose)

- Quick test in a non-registered private setting (eg. Home self test)
- Official quick test in a certified setting (eg. Test site)

Confirmation test (Choose)

- I need or would like to make an appointment for a PCR test in a test centre. I am able to attend the centre. (Recommended as this is quicker)
- Someone has to come to my home as I am unable to attend the test centre. (Explain reasons in notes below)
- I don't want or need an appointment at the test centre. I already have a PCR booked, or I wish to book myself. (eg through the Family Doctor).

Complete the form and Click the button at the end.
